SAOS Quick Start Guide

Document ID: SYS-QUICKSTART-v4.0 **Version:** 4.0 **Status:** LIVE **Prepared for:** SAOS Business & Enterprise Fleet Clients **Prepared by:** Systack **Builder:** SOL + ASSEMBLY **Source System:** SAOS v2026.06 **Date:** June 25, 2026 **Support:** support@systack.net

For Business Fleet Clients (10 Agents)

Your SAOS deployment is ready. Here's how to actually use it.

1. Connect to Your Server

Your dedicated SAOS server runs on a private VPS. Access it securely through Tailscale:

1. Install Tailscale: <https://tailscale.com/download>
2. Accept the invite email from Systack

3. Join the network: tailscale up

4. Your server will appear as: saos-[your-business].tail573d57.ts.net

Server details: - IP: (shown in your dashboard) - RAM: 16GB (Business) or 32GB (Enterprise) - vCPU: 8 - OS: Ubuntu 22.04 LTS

2. Access Your Dashboard

Customer Portal (New)

- URL: <https://phillips-macbook-air.tail573d57.ts.net/dashboard/>
- **Login:** PIN-based authentication (no passwords to remember)
- **Mobile-friendly:** Works on iPhone, iPad, Android, any device with Tailscale
- **Auto-refreshes:** Real-time updates every 5 seconds
- **Available:** Any device connected to your Tailscale network

Dashboard Tabs

TAB	WHAT YOU SEE	WHEN TO USE
 Chat	Conversations with your AI agents	Daily operations, task requests
 Fleet Status	Agent health, active tasks, metrics	Morning check-in, status overview
 Services	Your included services by tier	Review what's active vs. pending
 Tasks	Task history, status, assignments	Track work in progress
 Activity	Recent agent actions, timestamps	Audit trail, history review
 Docs	Quick Start, Service Manual, Architecture	Reference documentation

Mobile Access

iPhone/iPad: 1. Install Tailscale app 2. Connect to your tailnet 3. Open Safari, visit your dashboard URL 4. Enter Client ID + PIN 5. Bookmark to home screen for app-like experience

Android: 1. Install Tailscale app 2. Connect to your tailnet 3. Open Chrome, visit your dashboard URL 4. Enter Client ID + PIN 5. Add to home screen

Internal Fleet Dashboard

- URL: <http://localhost:8765> (when connected via Tailscale)
- Shows: Full fleet control, task queue, system health
- For administrator use only

Messaging Channels

- **WhatsApp:** Text your business number
- **SMS:** Text your assigned number
- **WebChat:** Embedded on your website

3. Your 10 Agents — What Each Does

Core Agents (All Plans)

AGENT	EMOJI	ROLE	WHAT TO ASK IT
SOL		Orchestrator	“What’s the status?” “Queue a task”
VALI		Quality	“Check this for errors” “Validate output”
PESSI		Risk	“What could go wrong?” “Flag issues”
ORACLE		Architecture	“How should we build this?” “Research solution”
ATLAS		Knowledge	“What did we decide last week?” “Find previous task”
ASSEMBLY		Deploy	“Push this live” “Rollback last change”
JURIS		Compliance	“Review this contract” “Is this allowed?”

Extended Agents (All Plans)

AGENT	EMOJI	ROLE	WHAT TO ASK IT
CODY		Build Engine	“Build me a script” “Create workflow”
CHATTY		Communication	“Draft email” “Onboard new client”
GENI		Creative	“Make a diagram” “Generate image”

4. Common Tasks

Invoice Processing

Forward invoices to your agent email: - The agent reads and extracts data automatically - Reviewed by JURIS for compliance - Stored in your database - View: Dashboard → Tasks

Order Taking (WhatsApp/SMS)

Customers text your number: - Agent confirms order details - Sends to your POS or email - No app required for customers

Lead Qualification

Ask ORACLE: “Check for new leads” - Scrapes configured sources - Scores and ranks prospects - Delivers morning briefing

Daily Morning Briefing

Ask SOL: “Morning briefing” - Overnight task summary - Pending items requiring attention - New leads or orders

5. Troubleshooting

PROBLEM	FIX
Can't connect to dashboard	Check Tailscale is running: <code>tailscale status</code>
Agent not responding	Check customer portal for agent status (green dot = online)
Messages not sending	Verify phone number configuration in n8n
Invoice not processing	Check spam folder; ensure PDF attachment
Slow responses	Check server load in dashboard; may need RAM upgrade
Dashboard not loading	Ensure you're on the Tailscale network
PIN not working	Contact support to reset your PIN
Mobile layout broken	Refresh page; ensure iOS Safari or Chrome updated

6. Support

Emergency (service down): Call emergency line (provided after signup) **General:** support@systack.net

Dashboard: Check status at <https://systack.net/status>

Response times: - Critical: Under 30 minutes - Broken feature: Under 2 hours - General: Under 24 hours

7. Next Steps

- ☐ Connect via Tailscale
- ☐ Open customer portal at the provided URL
- ☐ Log in with your Client ID and PIN
- ☐ Send test message to your agent via Chat tab
- ☐ Forward one invoice to test pipeline
- ☐ Review dashboard daily for first week
- ☐ Schedule training call if needed

Questions? Message SOL directly: "I need help with [topic]"
