## Review + Reputation Engine — Implementation Plan

**Automation ID:** review-system**Version:** 1.0**Status:** Draft — Planning**Date:** 2026-06-16**Builder:** SOL / Assembly

### 1. Build Phases

#### Phase 1: Service Completion Trigger (1 hour)

**Tasks:**

1. Add webhook trigger on service completion
2. Receive: customer email, service type, provider, timestamp

3. Queue for review request (wait 2 hours)
- 

## Phase 2: Review Request Email + Form (3 hours)

### Tasks:

1. Build review form HTML (star rating + optional text)
  2. Email template: “How was your [service]?” with review link
  3. Unique token per review (prevents spam/duplicates)
  4. Form captures: star rating, feedback text, public share permission
- 

## Phase 3: Star Rating Routing Logic (2 hours)

### Tasks:

1. n8n Code node for routing:

```
const rating = $json.rating;
if (rating >= 4) {
  // Route to public platforms
  return [{ json: { ...$json, route: "public" } }];
} else if (rating === 3) {
  // Internal feedback, no alert
  return [{ json: { ...$json, route: "internal", alert: false } }];
} else {
  // Internal feedback + alert owner
  return [{ json: { ...$json, route: "internal", alert: true } }];
}
```

2. Public route: redirect to Google/Yelp with pre-filled positive context
  3. Internal route: thank customer, log feedback privately
- 

## Phase 4: Internal Feedback Logging (1 hour)

### Tasks:

1. Create `reviews` table in Postgres
  2. Log all reviews (public and internal)
  3. Track: rating, feedback text, service, provider, date
  4. Dashboard: average rating trend, common complaints
- 

## Phase 5: Negative Review Alerts (1 hour)

### Tasks:

1. On 1–2 star review: immediate email/SMS to owner
  2. Alert includes: customer name, service, rating, feedback
  3. Owner can respond directly from alert
-

## 2. Timeline

| PHASE        | EST. HOURS               |
|--------------|--------------------------|
| Phase 1      | 1                        |
| Phase 2      | 3                        |
| Phase 3      | 2                        |
| Phase 4      | 1                        |
| Phase 5      | 1                        |
| <b>Total</b> | <b>8 hours (~1 week)</b> |

## 3. Success Metrics

| METRIC                          | TARGET             |
|---------------------------------|--------------------|
| Review collection rate          | > 30%              |
| Public review percentage        | > 70% of collected |
| Average public rating           | > 4.2 stars        |
| Negative feedback response time | < 4 hours          |
