SAOS Dashboard Mobile Access Guide

Document ID: SYS-MOB-v2.0 **Version:** 2.0 **Status:** PRODUCTION READY **Prepared for:** SAOS Clients
Prepared by: SOL — SyStack Operations Layer **Date:** June 25, 2026 **Support:** support@systack.net

Overview

The SAOS Dashboard is fully responsive and works on mobile phones and tablets. This guide covers setup for iPhone/iPad and Android devices.

Prerequisites

Before you begin:

- **Tailscale account** — Required for secure network access
- **Dashboard URL** — Provided by your SAOS administrator
- **Client ID + PIN** — Your login credentials

iPhone / iPad Setup

Step 1: Install Tailscale

1. Open the **App Store**
2. Search for “**Tailscale**”
3. Download and install the app
4. Open Tailscale and sign in with your account

Step 2: Connect to the Tailnet

1. In the Tailscale app, tap the **toggle** to connect
2. Wait for the status to show “**Connected**”
3. You may need to accept a VPN configuration profile

Step 3: Access the Dashboard

1. Open **Safari**
2. Type your dashboard URL (e.g., `https://phillips-macbook-air.tail573d57.ts.net/dashboard/`)
3. You should see the SAOS login screen
4. Enter your **Client ID** and **PIN**
5. Tap **Access Dashboard**

Step 4: Save for Quick Access

Option A: Add to Home Screen 1. Tap the **Share** button (square with arrow) 2. Scroll down and tap “**Add to Home Screen**” 3. Name it “SAOS Dashboard” and tap **Add** 4. Now you have a dedicated app icon

Option B: Bookmark 1. Tap the **Share** button 2. Tap “**Add Bookmark**” 3. Save to your Bookmarks bar for one-tap access

Android Setup

Step 1: Install Tailscale

1. Open **Google Play Store**
2. Search for “**Tailscale**”
3. Download and install
4. Open Tailscale and sign in

Step 2: Connect to the Tailnet

1. In the Tailscale app, tap the toggle to **connect**
2. Wait for “**Connected**” status
3. You may need to accept a VPN configuration

Step 3: Access the Dashboard

1. Open **Chrome**

2. Type your dashboard URL
3. You should see the SAOS login screen
4. Enter your **Client ID** and **PIN**
5. Tap **Access Dashboard**

Step 4: Save for Quick Access

Option A: Add to Home Screen 1. Tap the : **menu** (three dots) 2. Tap “**Add to Home screen**” 3. Name it “SAOS Dashboard” and tap **Add**

Option B: Bookmark 1. Tap the : **menu** 2. Tap the **star icon** (bookmark) 3. Save to your Bookmarks bar

Mobile Features

Navigation

- **Hamburger menu** (≡) — Tap to open tab navigation
- **Tap outside menu** — Closes the navigation panel
- **Swipe** — Scroll through conversation lists and content

Chat

- **Tap ≡ in chat header** — Opens conversation sidebar
- **Tap X** — Closes the sidebar
- **Tap conversation** — Switches to that thread
- **Tap + New Chat** — Creates a new conversation

Login

- **PIN fields** — Use numeric keyboard (auto-appears)
 - **Tap “First time? Set up your PIN”** — For first-time users with temp PIN
 - **Tap “Forgot PIN?”** — To request a reset
-

Mobile-Specific Optimizations

The dashboard automatically adjusts for mobile:

- **Larger tap targets** — Buttons and links are easy to tap
 - **iOS safe areas** — Respects notches, home bars, and status bars
 - **No zoom on input** — Input fields use 16px font (prevents iOS auto-zoom)
 - **Responsive grids** — Dashboard cards stack vertically on narrow screens
 - **Sidebar slides** — Chat sidebar slides in from the left on mobile
 - **Compact nav** — Navigation collapses to hamburger menu on small screens
-

What Works on Mobile

All 7 tabs are fully functional:

TAB	MOBILE EXPERIENCE
 Chat	Slide-out sidebar, full chat with agents
 Dashboard	Stacked metrics, scrollable agent cards
 Services	Vertical service cards, scrollable
 Tasks	Horizontal scroll table, click rows for detail modal
 Activity	Feed layout, tap items for detail modal
 Docs	Tap links to download PDFs
 Settings	Form fields optimized for mobile input

Troubleshooting

PROBLEM	SOLUTION
"Cannot connect to server"	Ensure Tailscale is connected
Page shows blank white	Check Tailscale connection, refresh page
Login fields won't focus	Tap the field again, wait for keyboard
PIN keyboard doesn't show	Tap into the field again
Sidebar won't open	Tap ≡ in the chat header
Page too zoomed in	Pinch to zoom out, or reload page
PDF won't open in Safari	Tap and hold, choose "Open in Safari"
Dashboard loads slowly	Check mobile data/WiFi signal

Tips

- **Keep Tailscale connected** — The dashboard requires Tailscale to be active
- **Use WiFi when possible** — Faster than cellular for downloading PDFs
- **Bookmark the login page** — Saves time vs. typing the URL
- **Enable notifications** — If your browser asks, allow notifications for new chat messages
